Congratulations! You have been accepted into the _____ program for the 2015-2016 school year. You should be proud of this accomplishment and the hard work you have demonstrated over the past several years.

As a student at The Academy you will get to experience why so many successful employees and business owners chose to attend a Career and Technical Center. For instance, you will have the opportunity to earn industry credentials, operate state-of-the-art equipment, and begin creating a career path that will lead directly to employment or post-secondary education.

On August 25, 2015 at 7:00 PM in The Academy cafeteria, there will be a new student/parent event where all new students and a parent are required to attend. This night will give the student and parent the opportunity to visit the school, program area, and most importantly, hear what is expected of a student who chooses to attend The Mifflin County Academy of Science and Technology.

One thing to keep in mind. Students at The Academy are required to wear uniforms daily. One free uniform will be provided to you at the start of the school year. Students may purchase additional uniforms at a small cost.

There are many great things happening within our building and with your help, our school will continue to improve and grow. On behalf of the faculty and staff, we want to congratulate you for making the decision to attend The Academy.

We look forward to seeing you on August 25, 2015 at 7:00 PM.

Sincerely,

John L. Bilich
Assistant Director
