

# Building a Better Community, Changing Futures

## THE ACADEMY OF SCIENCE AND TECHNOLOGY

### COOPERATIVE EDUCATION PROGRAM

Cooperative Education

Fact sheet 1, issue 9/25/2015

*“What I hear, I conceptualize. What I read, I understand. But what I do, Becomes part of who I am.”*

You can build a better community and change futures too! Become a Cooperative Education Training site today!

If you or your business is able to.....

- Improve the educational experience of learners within the trades...we want you.
- Contribute to the development of a skilled and sustainable workforce...we want you.
- Help learners discover the wide range of career options available to them...we want you.
- Work with students to ensure we are developing the skills, credentials and technical knowledge necessary to move toward the leading edge of innovation and global competition...we want you.
